Education

Partido State University Goa, Philippines

Bachelor of Science in Information Technology – Cum Laude (1.45 GWA) June 2026

Capstone: Paratanom: An Augmented Reality 2D Farming Top-down Singleplayer Game for Agricultural Education

Relevant Coursework: Augmented Reality Development, System Design, Game Development, Application Testing, Consistent Dean's Lister, Best Paper Winner 2025, Research Exhibit Winner 2026, NaSRIC Best Presenter 2026, 3rd Place Game Fest 2025, 5th Place Ateneo de Naga Programming Challenge 2023, Presented in Panday-Kabatiran 2026

Experience

Museo de Isarog Goa, Philippines

Information Technology Intern January 2026 – April 2026

- Implemented 'Saray,' a custom desktop application using Vue and Tauri to automate artifact cataloging and document generation
- Engineered a comprehensive museum artifact repository using the MERN stack (MongoDB, Express, React, Node.js) to centralize digital archives.
- Designed and deployed a static landing page for the museum using React and Tailwind CSS to improve digital presence.
- Served as a featured speaker for the Digital Preservation *Balongibog* Talks, presenting technical strategies for cultural heritage conservation.

Leadership & Activities

Capstone Development Group

Lead Developer June 2025 – April 2026

- Managed collaboration between members to deliver a high-achieving technical research project on schedule.
- Developed a custom object-detection model and integrated neural network inference within the Unity engine to power real-time augmented reality interactions.

Ignite Band

Founding Member September 2023 – Present

- Founded and managed a local musical ensemble, coordinating rehearsals, and equipment logistics.
- Collaborated with members to develop a diverse repertoire, fostering creative teamwork and professional stage presence.
